emily post on weddings has 11 ratings and 1 review amy said this the the book for wedding help i am eternally grateful to the person who gave me this emily post on weddings revised edition paperback on amazon free shipping on qualifying offers Emily Post on Weddings: Revised Edition:

0 of 0 review helpful Old book still relevant By SWegener As someone who was aiming to have a very classy traditional wedding this was a lifesaver I like knowing the right way to do things according to tradition The biggest help in this book was the guide for attire depending on formality of wedding and time of day I never knew tuxedos were only for nighttime The description of a morning coat for a morning wedding Your wedding day It should be one of the happiest days of your life not one of the most harried The perfect wedding doesn't just happen it takes planning Things you never thought about suddenly occupy your every waking hour How are the invitations worded What is a semiformal wedding anyway Why are announcements sent out and who receives them anyway What obligations does a wedding invitation confer on the recipient Do guidelines exist for selecting a wedding About the Author Elizabeth L. Post granddaughter in law of the legendary Emily Post has earned the mantle of her predecessor as America's foremost authority on etiquette Mrs Post has revised the classic Etiquette five times since 1965
