3 of 3 review helpful Wonderful Book By Customer This book is wonderful Three hundred and eighty three pages of

over fifty patterns This book is a wonderful treasure trove of wonderful patterns with easy to understand instructions for the intermediate sewer which I am I only have one small complaint about this book and that is that the table of contents includes chapters from the second volume which is frustrati Contains 160 authentic sewing patterns and instructions for women s garments Includes special rulers that enable drafting to custom sizes Quotes from period fashion magazines and other sources give additional information on construction materials and wardrobe planning For theatrical and reenactment costumers vintage clothing collectors brides and doll artists
