By William E. Simpson : The Nautical Prepper: How to Equip and Survive on Your Bug Out Boat (Preppers)

The Nautical Prepper: How to Equip and Survive on Your Bug Out Boat (Preppers):

2 of 2 review helpful Good book with some decent ideas but take it with a grain of salt and learn elsewhere too By David L G Crawford It is an okay book not great but okay It gives some good ideas I found the author to be rather biased in his reasoning and not always the best decision in my opinion For example he recommends only getting steel hulled boats His argument is that when colliding with something a fi THE SMART BUG OUT PLAN When a catastrophic disaster strikes and lawless looting puts land based shelters at risk escaping on a boat is absolutely the best way to keep your family together self sufficient and safe Perfect for novice and expert sailors alike The Nautical Prepper includes everything you need for surviving and thriving on the water including bull Information on choosing the best boat bull List About the Author Capt William E Simpson a U S Merchant Marine Officer with decades of boating and expedition sailing experience He has successfully survived long term off the grid at remote uninhabited desert islands with his family usi
