By Terence Conran : Eco House Book 92nd street y is a nonprofit cultural and community center located in new york city 92y is about people the people of new york city and the surrounding area the offers news comment and features about the british arts scene with sections on books films music theatre art and architecture requires free registration Eco House Book:

1 of 1 review helpful Book for house nerds By Nisse What can I say its not a book you read in one go but a book you keep coming back to and understanding more and more of It has helped me in some pretty big decisions when building my new house which is now much more eco friendly than I had initially planned and budgeted for 0 of 0 review helpful Four Stars By Oscar Daniel P In today s world when making home improvements there is more to consider than simply changing the way your home looks or functions Environmental issues should be part of every decision you make from selecting fabric for soft furnishings to designing and siting a home extension Eco House Book provides all the information you need to reduce your home s carbon footprint and directly improve your quality of life Most homes are not decorated designed const This large format publication continues Conran s long standing House Book series

His design influence in the UK is perhaps equivalent to Martha Stewart's here. Not as comprehensive as his Ultimate House Book, this new effort devoted to green build.
